

UNEMPLOYMENT IS CAUSE OF NOTABLE DEMONSTRATIONS

Twenty Thousand Jobless Participate in the Demonstration in London That Results in Several Broken Heads—Gatherings Were Also Reported at Sheffield and Manchester

LONDON, Oct. 13.—England's unemployment crisis was responsible for notable demonstrations today in London, Sheffield and Manchester. More than 20,000 unemployed participated in the London demonstration which lasted from mid-afternoon until after dark, but which, owing to exceptional preparatory measures by the police, passed off with only a few heads broken and some window smashing. The demonstrators were prevented from invading White Hall but a deputation consisting of five men and one woman, describing itself as the "administrative council of national unemployed," was passed thru the police lines and admitted to Premier Lloyd George's official residence in Downing street. The premier had gone out, and so two of his secretaries received the deputation.

NEW YORK GIANTS DEFEAT YANKEES IN FINAL GAME

McGraw's Team Wins World Title in Brilliant Game

(Continued on page four.) NEW YORK, Oct. 13.—World's champions, 1921—the New York National league baseball club. The Giants won the title, which will be theirs for the next year defeating the Yankees in the eighth game of the world's series at the Polo grounds today. The American league champions died fighting hard in a classic twirling duel between their pitching ace, Waite Hoyt and Art Nehf, the Giants' star lefthander. However, they lacked the necessary punch to win, the National team taking the game by the score of 1 to 0 and the series, five games to three.

The Giants' victory gave Manager John J. McGraw his second world's champion team. The New York Nationals, seven time pennant winners under McGraw's management captured the world's title against the Athletics of the American league in 1905, but although winning the bunting five times since, they have been baffled every time until this year in their quest for world honors, twice bowing to the Athletics, once to the Red Sox and once to the White Sox in titanic combats.

This year, with a National league entrant that had shown its high class by coming from behind late in the pennant race and beating the Pittsburgh Pirates to the flag, the world's series told a different story. Off to a poor start, through their loss of the first two games of the series, the Giants gamely came back, speedily evened up the series, and then, with but a slight let-up while getting their second wind, rounded into the punch with a rush and pushed through with three straight victories to their final triumph. In every victory except today's, they came from behind to win. This was one of the best and most hotly contested series in the history of the sport, was won cleanly and, in the final analysis, decisively, by a club whose gameness and all-round ability of the highest grade will be generally conceded.

As for the underlying reason for the success of the McGraw team, the experts may differ, but there seems little cause to doubt that the most widely propounded opinion will be that it was because of a preponderance of high class pitching ability. The series showed but two of Manager Miller Huggins' twirlers capable of pitching winning ball—Mays and Hoyt—while the Giants put forward a trio of master workmen in Douglas, Barnes and Nehf.

Yankees Show Class. Outright by the Giants in nearly every game and by many points in the series as a whole, the Yankees none the less made a hard fight of it by their smartness in manufacturing runs out of scant material and the superb work done by Mays and Hoyt in six of the eight battles. Their championship craft went down with the flag flying and tonight their loyal supporters were tempering their condolences over the showing the Yankees had made in the first world's title series a New York American league team has ever earned the right to compete.

As for the final and decisive game of the series, the winning (Continued on Page Six.)

CONFERENCE ON IRISH PEACE MOVING NICELY

Optimism is Prevailing Note in Both Camps

(By The Associated Press) LONDON, Oct. 13.—The Irish conference sat for an hour and a half today, this being the third session since the representatives of the Dail Eireann arrived in London and adjourned until 11 o'clock Friday morning. Premier Lloyd George and the members of the cabinet requiring 1 1/2 afternoon to consider the question of unemployment which is momentarily uppermost in their minds. Michael Collins, head of the Irish Republican army and Sinn Fein minister of finance by a seemingly unconsidered remark that they were not returning to Downing street gave rise to a report that a crisis had been reached but Arthur Griffith, head of the Irish delegation quickly corrected this by informing the newspapermen that the conference had merely been adjourned and that they were coming back in the morning. Both sides observed the agreement not to give out any information it is understood that alleged breaches of the truce were again mentioned. At any rate more is expected to be accomplished by private conversations between the various delegates of which there were numerous today, than by formal meetings in Downing street.

Optimism is the prevailing note in both the Sinn Fein and British camps, altho it is admitted that the subjects over which a controversy is likely to arise have not yet been reached. This optimism is enhanced by the announcement that the prime minister is getting ready to go to Washington, which it is considered he would not do if he believed that one Irish conference was likely to reach a deadlock before he could get back to London.

A large crowd gathered this morning at the entrance to Downing street to cheer the Irish representatives when they arrived but before the conference was over the police moved the crowd along because of orders that no assemblies should be allowed within a mile of the houses of parliament on account of the unemployed demonstration.

The Irish sympathizers therefore marched in military formation to the Sinn Fein headquarters where they prayed until it was announced that the conference had adjourned.

SMALL TO STAY IN WAUKEGAN THRUOUT TRIAL

Governor is Planning to Make That Place His Home

(By The Associated Press) WAUKEGAN, Ill., Oct. 13.—Governor Len Small probably will remain in Waukegan thruout his trial, it was indicated today when it was learned that the governor had made a tentative reservation for a suite of rooms at the Salvation Army hotel. When Waukegan was selected for the trial site it was at first believed the governor and his attorneys would spend their nights at Chicago.

A local attorney believed to be acting for the governor has also opened negotiations for the leasing of a three story apartment house and a restaurant on the ground floor.

Judge Claire C. Edwards, who will preside at the trial, announced today that he would hold court six days a week to expedite the case. The judge also said he would keep the jury confined to prevent their hearing the case discussed outside. Assistant Attorney General Free conferred today with State's Attorney A. Smith who will assist State's Attorney Mortimer, Sangamon county, and Assistant Attorney General Wilkerson in the prosecution.

Corn Will Not Replace Coal

(By The Associated Press) SPRINGFIELD, Ill., Oct. 13.—Until the price of corn falls below twenty cents a bushel there is small chance that it will be used in Illinois as a substitute for coal. This belief was expressed by S. D. Fessenden, federal statistician for Illinois of the Bureau of Crop Estimates, on being informed that the city of Windom, Minn., is using 25 cent corn to run the municipal power plant. Instances of such use of corn in Illinois will be few and far between Mr. Fessenden said adding that until now he has not even heard such a thing mentioned by any group of farmers. Indications, he said, are that the state's production of corn will fall well below the government's original estimate of 300,000,000 bushels.

Corn thruout the state is showing indications, he said, of the ravishing corn ear worm and mole and fungi. Barren stocks are found unusually common and badly filled ears are making great inroads into the individual stalks. "Farmers in Illinois," Mr. Fessenden declared can do no better than to feed all their surplus corn to hogs. But the trouble is they are decreasing instead of increasing their stock. Hog cholera has increased rapidly in the last few weeks principally as the result of the many farmers' failure to vaccinate against it this year. Many of them, feeling the pinch of approaching poverty took their chances. As a result the cholera is taking many of their hogs or they are selling them to cheat the plague.

"However, there are many hogs left on the farms and my advice is that more be added and vaccine be used that Illinois may avoid this foolishness and use corn as it should be used. There is no need to take it as fuel while Illinois has such a good fuel supply from coal mines."

(By The Associated Press) JANESVILLE, Wis., Oct. 13.—Riley S. Young, president of the Farmers' State bank of Darien, state this morning that \$12,000 in bonds were stolen from the safety boxes of the bank by the robbers on Wednesday morning. Ten thousand dollars worth of the bonds are registered. A further check of the boxes is being made.

BURLINGTON, Oct. 13.—George Van Cleve, nineteen years old, of Quawwa, Ill., employed for the last year in a local garage, was killed this morning, when he stepped into an open elevator shaft and plunged down three stories, alighting on his head. He had taken the elevator to the third floor that \$12,000 in bonds were stolen from the safety boxes of the bank by the robbers on Wednesday morning. Ten thousand dollars worth of the bonds are registered. A further check of the boxes is being made.

SPRINGFIELD, Ill., Oct. 13.—Appointment of John Boyle of De Kalb as state superintendent of parks was announced here this morning by Governor Small. Mr. Boyle will succeed Frank Lohman of Sandwich.

OMAHA, Neb., Oct. 13.—Railroads would make more money if they put freight rates "down where it would be possible for freight to move in a natural way at a moderate cost," former Governor W. L. Harding of Iowa told delegates to the Nebraska Agricultural council here yesterday. He was speaking in the interests of the Great Lakes, St. Lawrence River Tidewater association.

KANKAKEE, Ill., Oct. 13.—The heart of the business district was threatened here early this morning when fire broke out in the hardware store of D. M. Morris and Son. At noon, the fire was still burning but was thought to be under control.

THE ELSIE CHAMP OF FISHING FLEET

(By The Associated Press) GLOUCESTER, Mass., Oct. 13.—The Elsie, a saucy little schooner out of Gloucester, today won the title as the fastest in the fisheries of New England in the international match to be sailed with a Canadian champion off Halifax, N. S., nine days hence. In a race of 40 miles off Cape Ann, the winds and a course that provided a lively test of sailing qualities, she outfooted four other speed vessels of the Gloucester and Princeton fleets. The time of the winner was five hours, 14 minutes, 32 seconds.

Elsie is a schooner of Semi-Knockabout type, well within the limits laid down for vessels competing for the international trophy.

ENGLISH CABINET ISSUES STATEMENT

LONDON, Oct. 13.—The cabinet committee on unemployment issued a statement tonight saying that the deputation representing the unemployed after a conference with the premier's secretaries was received by Sir Alfred Mond and other members of the committee. The deputation asked that a national scale of relief should be established and submitted plans for this. Sir Alfred replied that the government was engaged in considering various schemes and that the prime minister would make a full statement next week.

INVITATION IS EXTENDED TO HARDING

Washington, Oct. 13.—An invitation to attend the International Livestock Exhibition at Des Moines, Iowa, was extended to President Harding today by Senator Cummins of that state. The president indicated that other engagements probably would prevent his attendance.

HARDING ISSUES PROCLAMATION ON KNOX DEATH

Directs National Flag to be Displayed at Half Mast

(By The Associated Press) WASHINGTON, Oct. 13.—President Harding in a proclamation addressed to the people of the United States tonight formally announced the death of Senator Knox of Pennsylvania and directed that the national flag be displayed at half staff as an expression of the national sorrow at his death. The proclamation follows: "It is my distressing duty to announce to the people of the United States the death of Philander Chase Knox a senator from the state of Pennsylvania, and formerly attorney general and secretary of state of the United States, which occurred at his residence in Washington on the 12th instant.

"In his death his state has lost a most valuable and faithful servant, and his country one of its greatest statesmen. His good judgment, wise discrimination and keen perception eminently fitted him for the legal profession. Admitted to the bar in 1875, he early became recognized as one of the foremost lawyers of his state. Twice honored by the commonwealth of Pennsylvania by election to the senate of the United States, he took by his wise counsel, a prominent part in the framing of our laws and in the direction of our foreign policy. As attorney general of the United States he rendered opinions noted for their legal ability. As secretary of state while guided by the principle to deal justly with all nations, his conduct of our foreign relations was ever marked by a devotion to the best interests of his country.

"His private life was characterized by virtues worthy of emulation by all American citizens. As an expression of the national sorrow at his death and in recognition of his valuable services to his country, his devotion to the public interests and his exalted patriotism, I do hereby direct that the national flag be displayed at half staff on the executive offices of the United States on the day of his funeral, and that on all the embassies, legations and consulates of the United States in foreign countries the national flag shall be displayed at half staff for ten days from the receipt of this proclamation."

HIGHTOWER IS FOUND GUILTY IN MURDER CASE

Was Tried for Murder of Father Patrick C. Heslin

(By The Associated Press) REDWOOD CITY, Calif., Oct. 13.—William A. Hightower was found guilty today of first degree murder with recommendation of life imprisonment by the jury in the case in which he was charged with the murder of Father Patrick E. Heslin of Colma, Calif.

A motion for an appeal will be filed Saturday at which time it is expected sentence will be pronounced. The jury was out less than two hours. Father Heslin accompanied a muffled stranger the night of August 2 from the parish house at Colma, taking with him the sacrament to administer to a supposedly dying man.

The next day a letter demanding \$6,500 ransom was received at St. Mary's Cathedral in San Francisco and on the night of August 10, Hightower appeared at Archbishop Edward J. Hanna's residence in San Francisco asking for the \$8,000 reward offered for the recovery of Father Heslin, alive or dead.

He led a party of police and newspapermen to a sandy cliff at Salada Beach, six miles from Colma, where the priest's body with the head crushed in and two bullet holes in the body was found in a shady grave. Hightower said his clue came from the story of an outcast woman, Dolly Mason.

The priest's housekeeper identified Hightower as the man who called for Father Heslin.

IMMIGRATION LAW DOESN'T APPLY TO STUDENTS

Washington, Oct. 13.—Students coming to the United States from foreign countries for educational purposes are exempt from the provisions of the three per cent immigration law under an order which has been promulgated by the department of labor, Representative Igel, Republican of New York, was informed today. Dr. Nicholas Murray Butler, president of the Columbia University had protested against construction of the law which would deny temporary admission to students if the quotas of the country had been exhausted.

COLLAPSES AFTER 11 ALL DAY DEFENSE OF KU KLUX KLAN

William J. Simmons, Imperial Wizard of the Order Topples from Chair—Calls on God to Forgive the Persecutors of the Klan—Senator Watson Appears at the Hearing

(By The Associated Press) WASHINGTON, Oct. 13.—Closing an all-day defense of the Ku Klux Klan, William J. Simmons, its imperial wizard, toppled over in a chair today while the chairman of a house committee investigating the order was attempting to stop the applause which broke before the crowd knew the wizard had collapsed. Friends of Mr. Simmons rushed to his side and applied stimulants, but, as it was evident that he was in no condition to continue the examination the hearing, filled with many dramatic incidents during the day, was adjourned until tomorrow.

Physicians later reported that Mr. Simmons' condition was not serious. Bundled up about the chest, Mr. Simmons returned to the afternoon session unsteady of feet, his voice hoarse, but apparently eager to denounce what he characterized as outrageous charges against the organization he founded in Georgia five years ago.

A solemn stillness prevailed at the times while the wizard, holding aloft the ritual of the Klan, read parts of the oath taken by klansmen. And then in husky tones he told the committee that while Julius Caesar had his Brutus and Washington his Benedict Arnold, he, too, as imperial wizard of the Ku Klux Klan, could enter that fellowship because he had suffered from trasonable conduct within. "If this organization is unworthy then let me know and I will destroy it," he exclaimed, "but if it is not, then it stand."

Simmons Collapses. Turning to the crowd, Simmons declared he wanted to "call upon the Father to forgive those who persecuted the Klan," and as the words left his lips he tumbled into a heap.

The first dramatic incident of the day was the sudden appearance of Senator Thomas E. Watson of Georgia, who, edging his way thru the crowd, stepped up and seized the wizard by the hand. Whispering something, he turned and sat down, but a moment later he was on his feet, demanding the right to question the witness in "the interest of fair play."

Chairman Campbell broke in to say that the witness was getting that, and that it was not in line with regular procedure to permit questions by outsiders. Senator Watson insisted he had the right right announcing however, that he was not a klansman, altho in sympathy with its aims and the chairman cut thru the colloquy by directing the senator to proceed. The senator merely asked the wizard if he knew by the big salaries being voted by congress for shipping board lawyers, reaching as high as \$35,000 which the people had to pay. With that Mr. Watson left.

Thru the testimony of Mr. Simmons, the committee learned that the total membership of the Klan heralded as having passed the half million mark, actually was around 90,000. The witness declared that its growth east and west had been greater than in the south but his illness prevented questioning designed to bring out facts bearing on some of the present strongholds of the organization. Asked if he had not claimed "a million membership," Mr. Simmons smilingly replied he might have done so, but that he was speaking generally, not by the card.

Asked About Klan's Revenue. Representative Garrett, Democrat, Tennessee, took the witness in hand to find out something about the Klan's revenue and profits asking if the membership fees had been listed as donations rather than fees to prevent collection of federal corporation taxes. Simmons replied there was never a thought of that, declaring that when the tax law first became effective, he went to the revenue office at Atlanta and was informed that the Klan did not come under the law.

"If it does it is not my fault," the wizard said, "and if it is shown we are liable we stand ready to meet our obligations."

Denying huge profits from the sale of robes, the witness declared that less than thirty per cent of the klansmen owned regalia.

"Our robes are not worn for purpose of terrorizing people," he shouted. "They are as innocent as the breath of an angel."

The witness was pressed by Chairman Campbell for an explanation of the recent clash between a sheriff and marching klansmen near Waco, Texas, and while he replied that his information was based largely upon newspaper reports, he added, that the parade had been authorized by the mayor and that the sheriff, in attempting to stop it, "seemed to be under the influence of liquor."

Simmons said he had called for an official report but it had not been forthcoming.

ALEXANDER HOWAT SUSPENDED FROM OFFICE BY LEWIS

Howatt Issues Ashes-tos Statement from Jail Cell

(By The Associated Press) PITTSBURGH, Kans., Oct. 13.—Alexander M. Howat, president of the Kansas Mine Workers' Union and his administration were suspended from office today on order of John L. Lewis, president of the International Union and George L. Peck, a member of the suspended executive board was designated acting president of a provisional organization created to handle district affairs.

It was announced that action was taken because Howat and other officials refused to abide by a ruling of the International Union convention at Indianapolis recently that certain striking miners be ordered back to work. Howat, with August Dorchy, union vice-president is serving a six months sentence in the Cherokee county jail at Columbus for violation of the criminal section of the industrial court law by calling strikes. Virtually all of the 12,000 miners in the district have been on voluntary strike since the commitment of Howat and Dorchy.

Peck Issues Statement. A statement issued by Peck during the day said that all striking miners would be expected to return to work immediately. It also was stated that Peck and Thomas Harvey suspended secretary-treasurer who under the terms of Lewis' order was designated acting secretary-treasurer in the provisional organization, would take immediate charge of union affairs.

Since the incarceration of Howat and Dorchy, John Fleming, member of the district board who has been acting as president. Whether Fleming and the other acting officers of the suspended administration would accept the order of Lewis was still a matter for conjecture tonight. In that connection announcement was made that a mass meeting of miners had been called for tomorrow afternoon.

Hot Reply From Howat. Pittsburgh, Kans., Oct. 13.—From his cell in the Cherokee county jail in Columbus where he received a telegram from John L. Lewis, international president of the United Mine Workers of America announcing the suspension of district 14, Alexander Howat made this statement: "To hell with John Lewis and Governor Allen. Our plans are unchanged. We will continue to fight."

Amos Standen, district board member from Rich Hill, Mo., brought to Pittsburgh this version of Howat's remark upon receipt of word that he had been deposed by President Lewis.

Standen, who is known as a friend of Howat said he was with Howat when the latter received Lewis' message.

Standen announced today that the Missouri miners who have been idle would return to work at once. He said Howat agreed that Missouri miners should go to work as they were not affected by the Kansas industrial court law and that they could better support the Kansas walkout by working.

The Magic That Makes a House a Home

—that magic is MUSIC.

When the eyes of the little ones sparkle and they laugh with glee—when the toes of the older ones begin to waver—when Mother's face radiates happiness itself as she listens to the songs of McCormack and Gluck—when Dad is lost in reverie as those wonderful strains of Violin come to him from Kreisler and Heifetz—Isn't that, in truth, the Magic that makes a House a HOME?

The Victrola—the Master Magician—can make your house a HOME. We'll be glad to prove it. You can buy one for as little as \$25, or as much as \$350—on monthly payments surprisingly small.

which Frank Mayo, Minnie Palmer, Nelly Howard, Owen Fawcett,

Kate Denin Wilson, Charles L. Harris, Lawrence d'Orsay and Augustus Cook and others played.

The first performance of "The Mikado" in New York was given

in the Union Square with Roland Reed and Alice Harrison in the

title roles.

In 1885, James M. Hill took the theater and brought out a new

and unheard of star, Margaret Mather and put on "Romeo and Juliet." During his management,

Chauncey Olcott, obtained his first engagement in opera. A little

later Charlie Chaplin, now famous moving picture comedian

made his debut in New York, with a small part in a specialty

company which lasted a week and was a great success. The theater

was turned over to Keith, who operated it as a vaudeville house

for many years, after which it became a burlesque stock house.

The history of the theater and the Morton House, are closely

linked, as they adjoined. The latter was a great place for the

actors and managers. It was also the home of a group of politicians

of the old school, of which John Kelly, the old register

and Tammany leader of the East Side was dean. His table

in the Morton was always surrounded by friends of that day.

ILLINOIS NORMAL WILL BE STRONG

From reports emanating from Normal the Illinois State Normal

football team this year promises to be the strongest that has represented

the school in several years.

The team has a victory over Lincoln college by an overwhelming

score. Its last game was a defeat at the hands of Eureka on a

muddy field by a score of 8 to 0. Eureka could not cross the Normal

goal line.

Illinois is working out well this week and the Coach Harmon

never makes an prediction he expects his men to give a good

account of themselves. Some of the men are suffering from bruises

but he has a strong string of substitutes to put in the game if any

of the regulars are not in shape. The game will be called at 3

o'clock. The lineup of the teams will be given in Saturday's Journal.

Rheumatism, with its pain and agony,

is one of the most serious diseases caused

by waste products in the blood. You

know, of course, the blood is not confined

alone to the arteries and veins. It passes

out of these channels to all parts of the

products are deposited in the muscles and

joints. Genuine relief can be had only by

correcting the basic trouble—waste

products.

Thousands and thousands of men and

A Man's Only Young Once!

When a chap first has fuzz on his face, he's likely to feel the need of shaving twice a day, and trying generally to look older than he is. That "era" soon passes, and he finds himself looking younger than he is. Then he wants to look young—to emphasize his youth and vigor. He wants his clothes to be lively, but not loud. He likes our Franklin Fashion suits for Young Men—

Because, from fabric to finish they're right in tune with the enthusiasm and optimism of young men, whether in business, or school.

RAIL EXECUTIVES WILL CONSIDER PLAN

CHICAGO, Oct. 13.—A propos-
al to meet all future reductions in
the wages of railroad employees
with corresponding decreases in
freight rates is to be pre-
sented to the association of Rail-
way Executives at its meeting
here tomorrow it was announced
today.

The proposition is to be sub-
mitted by a special committee of
railroad officials which last week
conferred with government officials
at Washington, it was stated.

Railway officials pointed out
that even if the proposal became
effective at once, some time would
elapse before freight rates could
be reduced. To decrease the
rates, the railroads would have to
go thru almost as much formality
as to raise them it was stated.

A conference with employees
would first be necessary and if the
employees refused to accept pro-
posed wage reductions, the case
would then be placed before the
railroad labor board, under pres-
ent provisions.

If the railroad labor board au-
thorized the requested reduction
in wages the interstate commerce
commission would then be re-
quired to pass on a proposal to re-
duce freight rates.

PLAN PASSAGE OF EMERGENCY TARIFF

WASHINGTON, Oct. 13.—Plans
to pass thru the house next week
a bill extending the emergency tar-
iff law were made by Republican
leaders today after a conference
between President Harding and
Representative Mondell of Wyo-
ning, majority floor leader of the
house. After that measure had
been disposed of it was indicated
the house will take up and amend-
ed foreign loan funding bill.

Details of the emergency tariff
extension have not been worked
out but it is generally expected
that the law will be extended until
about February 1st, in the expec-
tation that by that date the per-
manent tariff bill can be complet-
ed.

Present plans for foreign loan
legislation in the house provide a
measure authorizing funding by a
presidential commission with the
secretary of the treasury as its
head.

PROHIBITION ACT IN SUPREME COURT

(By The Associated Press)

SPRINGFIELD, Ill., Oct. 13.—
The test of the constitutionality
of Illinois' new prohibition act
will begin in the state supreme
court tomorrow.

The case is an appeal from the
Sangamon county circuit court in
which James Bruchek was con-
victed of violating provisions of
the new law passed by the 52nd
general assembly.

Lawrence Y. Sherman, former
United States senator will appear
for the state in defense of the
anti-booze law. Immediately fol-
lowing Governor Small's veto of
appropriations to Attorney Gen-
eral Brundage for prosecution of
the prohibition laws former Sen-
ator Sherman offered his services
gratis to the attorney general.

RADEMACHER'S PLEA WILL BE ACCEPTED

(Continued from Page 1)

Detroit, Mich., Oct. 13.—Judge
Heston of municipal court ques-
tioned Herman F. Rademacher,
several hours today, after which
he announced he would accept
Rademacher's plea of guilty to a
charge of murdering his wife by
hurling her into the Detroit river.
Rademacher was remanded for
sentence. Before it is passed
however, Judge Heston said, Dr.
A. L. Jacoby, city psychiatrist
will be asked to examine Rade-
macher.

During the questioning by the
judge, Rademacher again admit-
ted his guilt and repeated his
previous statement that he had con-
sidered killing his wife for some
time, adding that he had hoped
to marry another woman.

OPPOSE SUBSIDY ON NEWLY MINED GOLD

(By The Associated Press)

Washington, Oct. 13.—Opposi-
tion to a subsidy of any kind to
the producers of newly mined
gold was expressed today by Sen-
ator Oddie, Republican, Nevada, in
reply to a resolution signed by 22
western senators supporting a
house measure providing for the
Premium.

Mr. Mellon said that there are
signs of improvement in general
mining conditions and he believed
the abnormal effect of the war
would gradually be eradicated
without the aid of the gold pro-
duction subsidy.

Funerals

Maurer.
Funeral services for Frances
Maurer were held from the
Church of Our Savior at 2:30
o'clock Thursday afternoon in
charge of the Rev. Father Cahill.
The flowers were cared for by
friends. Burial was in Calvary
cemetery.

Butcher.
Mrs. James Butcher passed
away at noon yesterday at her
home in Virginia. She was a sis-
ter of J. A. Litter of Litterberry
and well known and much es-
teemed by a large circle of friends.
She was twice married, once to Mr.
Massey who died many years ago.
She was then married to John
Butcher who survives her. She
leaves a son and daughter by her
first husband and three sons and
three daughters by her last hus-
band. One son, Calvin, and one
daughter, live in this city.

Funeral services for Miss Alta
Kehl were held at the home of
her mother, Mrs. J. H. Kehl, at
10:30 o'clock Thursday morning.

ALEXANDER HOWAT SUSPENDED FROM OFFICE BY LEWIS

Farrington Talks.
Springfield, Ill., Oct. 13.—John
L. Lewis, international president
of the United Mine Workers of
America was bitterly denounced
here today for his action in sus-
pending Alexander Howat and
other officials of the fourteenth
(Kansas) district organization by
Frank Farrington, president of
the Illinois miners and Lewis' chief
lieutenant within the union.

"I suppose the miners will put
up with Lewis' arrogance as long
as they can and then take such
action as might be necessary to
protect themselves against him,"
Farrington said.

At the same time he condemned
the action of the international
president Farrington denied rum-
ors that he planned to head an
insurrection to establish a new
miners' organization.

It was said here today that a
temporary writ of injunction by
Judge Charles H. Miller of the
Franklin county circuit court re-
straining coal operators of Illi-
nois from abolishing the "check
off" system of collecting dues for
District 12 also probably enjoins
Lewis from possible interference
with Illinois miners officials dur-
ing the life of the injunction.

The injunction issued Oct. 5
restrains operators' associations
of the state from refusing to hold
off union dues when paying
miners and turning the money
thus collected for dues into the
union treasury, according to the
system which has long been in ef-
fect.

In their application for injunc-
tion President Farrington, Vice-
President Harry Fishwick and
Walter Nesbit, secretary-treasurer
of the Illinois miners together
with the district board petitioned
for a writ restraining all persons
whomsoever from interfering
with district organization. In his
writ, Judge Miller enjoined "all
persons" from "in any manner in-
terfering with the disbursement
of the said fund by the constitu-
tional laws of said district union until
a hearing of said bill of complaint
in the circuit court of Franklin
county."

DEMONSTRATION HELD ON SUNDAY

Michael Collins, Minister of Fi-
nance of Republican Cabinet
Shocks Populace By Holding
Sunday Meeting.

By Associated Press.

Armagh, Ireland.—Armagh, the
primal city of Ireland, both
Catholic, Cardinals and the Pro-
testant Primate having their
seats here, was shocked when it
learned that Michael Collins,
Minister of Finance in the Republi-
can Cabinet and member for
Armagh in the Dail Eirrean, was
to hold a political demonstration
here on a Sunday.

The demonstration passed off
quietly but the after celebration
wakened the old city out of years
of lethargy.

The speech-making over, the
spinners of roulette wheels, men,
women and children, gathered
along the main street and soon
gambling, chiefly in pennies and
shillings, was proceeding at a
rate that might have made the
concessionaires of French water-
ing place envious.

This is not uncommon in the
south of Ireland which in this
respect is much like the Latin
countries but in the north it is
frowned upon.

Dances were also organized and
it was daylight Monday morning
before the revellers brought their
celebration to a conclusion.

Michael Collins seemed reluc-
tant to return to Dublin early in
the evening. He is the sort of an
Irishman, who after work would
enjoy just such a revel—a great
big boy full of humor and play.

PLANTATIONS FOR CHAULMOOGRA TREES

Has Been Established in Hawai-
ian Islands—Oil Is Used as
Cure for Leprosy.

Honolulu, T. H. — By the As-
sociated Press.—A start has been
made here on the chaulmoogra
plantation which is intended to
increase the chaulmoogra oil pro-
duction in order that an adequate
supply might be furnished to the
territory and used in the treat-
ment of leprosy in accordance
with the method evolved by Dr.
Arthur L. Dean, president of the
University of Hawaii, which has
succeeded in arresting the dis-
ease in numerous cases.

Two thousand chaulmoogra
trees have been turned over to
the territorial board of agricul-
ture and forestry by the experi-
mental station of the Hawaiian
Sugar Planters' association and
the territory has raised 2,000
more. These will be planted at
Waihole, this island, by Charles
S. Judd, superintendent of forest-
ry and will be the nucleus of the
plantation.

The progress of the application
of the Dean method at the Kalihl
leprosy station here, showing that
in the 14 and 1-2 months ending
on March 15 last, ninety four of
the 188 patients had been paroled
from the station on recommendation
of the attending doctors that the
disease had been arrested to such
an extent that it no longer is
considered dangerous in their
cases, is related in a pamphlet
written here recently by Dr. Dean
and Dr. J. T. McDonald of the
United States Public Health Ser-
vice.

The pamphlet, published by
the American medical association
said that there had been a well-
defined development not only in
method but also in the synthetic
production of the fatty acids of
chaulmoogra oil.

"As has been pointed out there
is no way of demonstrating that
any person has been cured abso-
lutely of leprosy but the 94 pa-
tients who have been paroled are
believed to be free from the dis-
ease," the pamphlet said. "Up to
the present time no one of the
patients paroled since Oct. 1, 1919
has shown a recurrence of the
disease. It is probably to be ex-
pected that occasional cases will
show recurrence and have to re-
turn for a second course of
treatment. It is believed, how-
ever, that the percentage of such
returns is going to be low. It
would appear that we have meth-
ods in hand for holding the dis-
ease under control."

REAL ESTATE MEN MEET IN PEORIA

PEORIA, Ill., Oct. 13.—More
than 150 delegates, including all
the state officers of the Illinois
Real Estate association arrived
here tonight from Chicago and in-
termediate points for the opening
of the fifth annual state conven-
tion tomorrow. The officers and
various realty board officials
were given a banquet tonight by
Joseph K. Brikin, of Chicago
which was followed by a reception
and smoker for the delegates.

Business sessions will be held
tomorrow and Saturday, when the
election of state officers will be
held.

NEW CLUE FOUND IN MONROE MURDER

Dowagiac, Mich., Oct. 13.—Roy
C. VanCook, state commissioner
of public safety, is personally co-
operating with county officers
here in their efforts to solve the
mystery surrounding the recent
triple murder. A new clue had
been uncovered it was said today
but officers declined to divulge
the nature of their investigation.

PIERRE LACLEDE FOUNDED ST. LOUIS

This Is Decision of Referee to Whom Dispute Was Taken—Was Founded in 1764.

St. Louis. (By The Associ-
ated Press.)—A dispute as to
founded St. Louis has been set-
tled, in the opinion of the Mis-
souri Historical Society. The so-
ciety asserts Pierre Laclede,
French fur trader, was the
founder.

Records of the Society show
that Laclede directed Auguste
Chouteau, 14 years old, to land
on the site of the city. Chouteau
with a party set foot here Feb. 14,
1764, according to the records
and Laclede arrived later but was
recognized as the founder.

Recently a proposition to erect
a memorial for Chouteau was
discussed. The historical society
announced that Henri Chouteau,
a direct descendant of Chouteau
and a member of the society, of-
fered to pay the cost of the mem-
orial provided the monument
would name Chouteau as the
founder of the city. The offer
was declined.

Then the descendant had an in-
scription on the tombstone of
Chouteau recut. The society de-
clared the original inscription
gave the birth of Chouteau as
1750 and said he was sent by La-
clede, but in the recutting claim-
ed that the date of birth was
changed to 1740, making Chou-
teau's age when he arrived here
24 and making it appear Chou-
teau was the founder.

Both sides in the controversy
finally agreed upon Father Law-
rence J. Kenny, professor of his-
tory at St. Louis University, as
arbitrator in the matter.

Father Kenny, in his findings,
verified the position of the so-
ciety and said authentic records
show that Chouteau's mother
was born in 1733 and that if
Chouteau was born in 1741 as
maintained by his descendants his
mother would have been only
seven years old when he was
born. The arbitrator suggested
that Chouteau be credited as a
co-worker of Laclede.

special guests, besides the teachers and officers of the Sunday school.

Entertain at Informal Dance

Warfield Brown was host at an informal dinner party and dance last evening at his home on West State street. The guest list included six couples and following the serving of a delicious dinner menu at six o'clock, the evening was informally spent in dancing. Among out of town guests were Mr. and Mrs. Boynton Warren of New Berlin and Mr. and Mrs. Dawson Darley of Franklin.

Pleasant Event in Honor of Miss Popejoy

Miss Monica Popejoy, who is to become a bride next week, was the guest of honor at a party given last evening by Miss Imelda Schmalz at her home on South Main street. The affair was a handkerchief shower and the bride-to-be received a number of dainty gifts. In the course of the evening the hostess passed dainty refreshments. The guest list included, beside Miss Popejoy, Miss Marie Rexroat, Miss Sheehan, Miss Marie Sehy and Mrs. Donald Butler.

Bell Operators Enjoy Outing at Dunlap Springs

All the employees of the Bell telephone office enjoyed an outing at Dunlap Springs last evening. There were about sixteen couples in the gay crowd that drove out to the Springs in cars early in the evening. Fires were kindled in the woods and waders and marshmallows were roasted over the open fires. The party was chaperoned by Mr. and Mrs. Addison Taylor and the committee that arranged for the outing included Miss Edna Williams, Miss Mary Clark and Miss Elva Shore.

Lutheran Church Guild Met Thursday

The Ladies Guild of the Lutheran church spent yesterday afternoon at the home of Mrs. Phillip Schultz, 960 East College avenue, and enjoyed a quilting party. The money realized from the quilting goes into the church building fund. After several hours of work the ladies enjoyed refreshments served by the hostess and also a good social time.

Westminster Young People's Guild of Dr. and Mrs. Smith

Dr. and Mrs. Thomas Smith entertained at the Westminster church manse last evening for the members of the Young People's society of the Christian Endeavor. The guests spent a very pleasant evening with games of different

kinds and music. The hostess served delicious refreshments in the course of the evening and the event proved a most happy one for all concerned. The president of this organization, which is made up of students from the colleges, is John Butcher. Alice Barwels is the vice president, Richard Thomason, the treasurer and Sara Jones the secretary.

Centenary Epworth League Met

The Epworth League of Centenary church met in the church parlors Thursday evening. The affair was a social and business meeting. During the business meeting a number of officers were elected to fill unexpired terms. Those chosen were:

First vice president—Harriet Biggs.
Second vice president—Mabel Dodsworth.
Third vice president—Dorothy Dodsworth.

Mrs. Powell read a chapter of the Mission Study book while the members worked on quilt blocks. The meeting closed with a song and benediction.

Following the program and business session Mrs. Russell served delicious refreshments and Mr. Russell played some selections on the Victrola.

The next meeting will be held with Mrs. Margaret Reynolds, November 8.

EVANSTON MAN ON JOBLESS CRISIS

—ANN ARBOR, Mich., Oct. 13.—Immediate nation-wide steps to remedy the employment situation were urged by Prof. F. S. Deliber, professor of economics at Northwestern university, Evanston, Ill., today in an address before the state conference of the social workers of Michigan.

Professor Deliber urged a nation-wide settlement of employment agencies to regulate the supply and demand for labor and to collect adequate statistics regarding employment. He declared that unemployment insurance would not solve the problem as it would simply distribute the burden of unemployment.

In regard to public work to reduce unemployment he said that "unless the public work offered at the time of unemployment is in addition to the amount of public work ordinarily let, then the use of public work as a remedy for unemployment is futile as it will tend to create as much unemployment as it cures."

"The only hope for public work as a remedy," he declared, "lies in a consistent and long time policy of setting up a reserve from appropriations for this purpose to be utilized at emergency periods. In the same way public buying should be organized with this in mind, but to a lesser extent."

WILL TRY TO GET CHINA TO RECONSIDER

TOKIO, Oct. 13.—Authoritative circles today intimated that Japan would endeavor to induce China to reconsider her recent rejection of the Japanese proposals relative to the return of Shantung to Chinese control.

If China continues adamant, it was said, President Harding may be asked to mediate in the controversy. Japan, it is understood, would be willing to abide by President Harding's decision and is ready to adopt a conciliatory attitude.

Japanese officials give the impression that Japan is anxious to enter the Washington conference in such a way as to avoid causes for quarrels at the start, believing that any other attitude would tend to retard and render more difficult an agreement upon the limitation of armaments.

Mrs. J. T. Lacey came down to the city from Litchberry yesterday.

CONFERENCE HAS COMPLETED WORK

WASHINGTON, Oct. 13.—Having agreed upon definite remedial policies for the emergency and permanent relief of the unemployed and the return of commerce and business to normal, the national unemployment conference today completed its labors, undertaken at the request of President Harding, and adjourned without date.

To continue the work of the conference until the present emergency is passed the organization committee was ordered to select a standing committee to be named later which will be authorized to reconvene the conference at any time.

The final session of the full conference today was devoted to the consideration of reports by various sub-committees. In the main these reports were an amplification of general measures adopted by the conference. From several committees majority and minority reports were received, notably in the case of the manufacturers, but on motion of Secretary Hoover it was decided that conflicting opinions should not be entertained for action by the conference but merely made public as information to the public.

All interests within the nation were urged to join in effecting a normal adjustment of wages and prices in a statement on behalf of the employer members of the conference, read by Ernest T. Trigg of Philadelphia and Samuel Gompers, president of the American Federation of Labor, pledged the support of labor to the constructive policies approved by the conference.

RECEIPTS SET NEW RECORD

Total Over \$900,000 for Eight Games — Giant Players Get Over \$5,000 Apiece.

New York, Oct. 13.—The 1921 World Series, ended today, set new financial and attendance records. The total receipts for the eight games were \$900,223, contributed by 269,976 spectators.

This was \$177,819 more than the best previous gate collected during 1919 series between Cincinnati and Chicago when \$722,414 was paid by the fans of the two cities during the eight games of that year.

The Giant players, as winners, collect 60 per cent 75 per cent of the players' share of the receipts for the first five games, amounting to \$131,635 which, divided among some 25 eligible men gives approximately \$5,265 to each. Under the plan of distributing 25 per cent among the club players finishing second and third in both major leagues the Cleveland Americans and Pittsburgh Nationals will divide \$43,878.34 equally, while the two St. Louis teams, as third place clubs, share \$29,252.22.

The magnates also come in for a record division of the gate moneys. The advisory board, which succeeded the National Commission in the reorganization of professional baseball will take as its fifteen per cent share \$135,034.95. The club owners' share will amount to \$472,675.82.

NEW YORK GIANTS DEFEAT YANKEES IN FINAL GAME

(Continued from Page 1)
of it was due to the superb pitching of Nehf against a moundsman to whom he had twice lost the decision earlier in the series. Allowing the American league batsmen but four hits, none of them better than singles and three of them coming with two men out, the crafty southpaw again and again turned the Yankees back in order and baffled their determined effort to put across the solitary run for which they were struggling all through the contest.

Hardly a whit less creditable was the performance of Hoyt, the Yankees' youngster who twice before in this series had taken Nehf's measure in close battles. Hoyt was in trouble in several innings, but except in the fatal first, when the Giants scored their only tally on two bases on balls and an error, he worked himself out brilliantly, once with a fine running catch of Fawcett to help along.

Toward the end he was going stronger than ever, retiring the Giants in order in the eighth and ninth. The game won by the Giants in the first inning was probably saved for them in the ninth by as brilliant a fielding performance as has been seen on the diamond in many a day.

One Yankee had been retired in the final frame. This game found Babe Ruth again in uniform but confining his activities heretofore in the game, to the coaching lines. The Yankee fans, had been for eight innings watching that one lonely tally of the Giants loom larger and larger, picked up hope and cheered wildly as the "Bambino" stepped to the plate to bat for Wally Pipp.

The home run king made a valiant try but his injured arm had taken the power from his swing and the best he could do with Nehf's puzzling delivery was to ground weakly to Kelly. Aaron Ward was more fortunate. He waited out Nehf, who had been somewhat wild for several innings and finally walked.

Double Play Closes Game.

Frank Baker, again in the lineup in place of the injured McNally, came next. With the count three and two he met one of Nehf's offerings squarely. He shot towards the right field, skimming the ground far to the left of John Rawlings. The rap looked like a sure hit and with Ward legging it for third it promised to put the Yankees in a favorable scoring position if it got by. But it did not pass. Throw himself at the skimming sphere Rawlings amid an amazed gasp from the crowd, reached out and clung to it with his left hand. Rolling over and transferring the ball to his right hand, Rawlings

GREATEST BASEBALL CLUB IN THE WORLD

This Is What McGraw Says He Has — Nehf Takes Victory Calmly — Hoyt Sheds Tears Over Defeat.

New York, Oct. 13.—"I have the greatest baseball club in the world," declared John J. McGraw, manager of the Giants, a few moments after his team had won the world's baseball classic this afternoon.

"And unquestionably the greatest," he added.

Miller Huggins, leader of the vanquished, declared his men had no alibi to offer and gave the Giants full credit for their triumph.

It was a wonderful series, he remarked, but the Yankees simply were unable to do any consecutive hitting.

McGraw, nervous with excitement, was swamped by admirers as he left the club house.

Artie Nehf the pitcher who led the Giants to their final victory, shed his uniform as calmly as though it were an ordinary day in his life. His only comment was that of gladness that he could now go home.

A few yards away—across the little back yard of the Polo Grounds where the club houses are located—tears were dropping down the boyish cheeks of Waite the pitcher who twice defeated the Giants and upon whose shoulders was placed the burden of stopping their rush today. He stopped their rush, but a comrade failed him in a critical moment and the glory of having his name upon the honored role of pitchers who have won three games in a titular series was denied him.

LANDIS WANTS SHORTER SERIES

NEW YORK, Oct. 13.—Federal Judge Kenesaw M. Landis, commissioner of baseball, in a statement tonight said that he would recommend that a seven game series, instead of nine, be played next season.

"It has been a very great series," the statement said. "In every department of the game the highest skill was exhibited and I congratulate every player on having maintained the best tradition of this great annual event."

"I deem it appropriate at this time to announce that at the mid-winter joint session of the two major leagues, the commissioner will offer for adoption, a proposal that the world series be limited to seven games."

"A five game series, the championship to be awarded to the club winning three victories, is too short for a fair test. On the other hand, the present lengthy series overtaxes the patience of the public."

"Beyond this, the commissioner feels very strongly that there is a real menace to professional baseball from public reaction against financial returns running into the figures expressed by the receipts of the series just closed. Obviously lower admission prices (which are now within the commissioner's control) and a shorter series being more in harmony with the highest plane of sportsmanship will better sustain the public's confidence which the game demands and must deserve."

Klio, bay mare by Peter The Great, Axtard Belle driven by Pitman, also made it a double on the meeting when she captured the 2:17 trot, following the finish in the last heat during which Palin handling the reins on Alma Todd did not appear to put up a very strong finish. This action, however, did not affect the division of the purse, Klio being given first money.

NEW STADIUM FOR UNIVERSITY WILL BE IN CHAMPAIGN

Have Option on Large Tract of Land in That City

(By The Associated Press)

CHICAGO, Oct. 13.—The new \$2,500,000 stadium at the University of Illinois will be built in Champaign, adjoining the southwest borders of the campus. It was announced by W. L. Abbott, president of the University board of trustees today.

The main campus of the University is located in Urbana, with the western boundary of the campus co-inciding with the western boundary of Urbana and the eastern boundary of Champaign. The new stadium will be built on a large tract on the southeast corner of the campus placing it within the Champaign boundaries and close to the railroad tracks which carry most of the traffic into Champaign for the university's big athletic contests.

Three sites are being considered Mr. Abbott said today. None of them is owned by the University at present, he said, and the trustees hold no option on them.

"We have been unable to purchase more land because Governor Small cut off the \$500,000 appropriation we asked for in the budget," Mr. Abbott said. "We will open negotiations, however, as soon as the site is decided on."

The trustees will select the site later, on advice of the campus plan committee which has worked out elaborate plans for the future extension of the physical property of the university.

SOCIAL SERVICE LEAGUE MEETING
Was Held Thursday Night at Woman's College — Reports Made and Interesting Addresses Given.
The large number of friends and members of the Social Service League that attended the annual open meeting at the social rooms of the Illinois Woman's college last evening, heard several addresses and reports that clearly and concisely showed the wonderful work that the league has been doing and its meaning and status in the community as something that is vitally necessary.
After the meeting had been called to order by President H. A. Perrin, several brief annual reports were given by officers of the league. The first of these was the annual report of the treasurer, A. C. Rice. This report shows a balance on hand October 12, 1920, of \$402.66, and a total of money received during the year of \$2,992.19. The total expenditures amount to \$3,498.30, making the funds \$86.05 overdrawn. Mr. J. H. Dial then made the report for the nominating committee. There are twenty-four members on the board of directors of the organization, and the rules governing the election of new members provide that eight new members

shall be elected each year. This gives the board sixteen members at all times who have been in the harness for a considerable length of time, so there is always a majority that is thoroughly familiar with the running of the league.
The board at present consists of the following members: Dr. Grace Dewey, J. H. Dial, J. E. Osborne, Mrs. C. H. Russell, Judge H. P. Samuel, Miss Winifred Wackerle, Mrs. John Kastrop, Mrs. John Buckley, Mrs. E. P. Cleary, Mrs. H. H. Havenhill, Thomas Worthington, Mrs. J. W. Brown, Miss Lucy Catlin, Mrs. Charles Fawcett, H. A. Perrin, A. C. Rice, Rev. W. E. Spoons, L. O. Vaught, and Miss Margaret Moore. Four new members were nominated by the nominating committee and voted accepted by the league. These are M. C. Hook, Mrs. W. H. Mason, H. M. Capps and Dr. A. A. Chapin. Due to several resignations at the last minute there are several vacancies to be filled at the next meeting.
Outlines League's Work.
President H. A. Perrin was the next speaker and he gave a brief but remarkably clear outline of the league, its growth, operations, aims, and meaning to the community. The Social Service League was organized in Jacksonville in March of 1917 and it is really an amalgamation of the many charitable institutions existing at that time. The name was changed so that it would embrace the real purpose of the organization, social service. Under this new name, and with this broader scope in mind, the league would be able to make broader decisions in its problems and to do work in a far broader field. Formerly, in the first year of the league's existence, there was only one worker. Now there are four, and even this force has its hands full to meet the great demand of the work.
The league is not for the purpose of just immediate relief, although that of course is the paramount issue. It is for the permanent reclamation of tottering citizenry. Its work does not stop with the first visit to the needy family. It is carried on indefinitely until the family has reached that stage of self respect through its ability to earn its own living and live decent, law-abiding lives. The league is something that the public should support because it provides expert and economical service, where there would otherwise be inefficiency and blundering. For that reason the public should subscribe to the league, thus insuring expert handling of the public funds for charities. And through public subscription is where the largest part of the league funds are secured. Through legally

created institutions the league receives about \$1,200 a year but the rest must be raised by subscription. For the most economical and efficient handling of the funds a budget is prepared each year and the league lives within that budget.
Mr. Perrin then discussed the aims of the league, which he set forth under six items. They are immediate relief, which is the paramount aim, investigation, then the follow up work of continuous care of cases, social rehabilitation, or the building up and salvaging of citizens, educational work, and the recording of results achieved. The one great aim that includes them all is "Community Service."
The activities of the league are numerous and far-reaching. First there are the home visits, then the general or immediate relief, and in the course of its growth the league has accepted and assumed many of the legal jobs that formerly were in the hands of county officials. These include the work of the city matron, the truancy cases, attendance at the schools, the juvenile court, hearings for mothers and the handling of charity funds for the county. The league is very active in an educational way. It conducts classes in social service work and is also helpful in securing school pensions for deserving students. It furnishes recreation for the children unable to have summer outings and its fundamental activity, that of expressing the good will of all mankind, as shown at Thanksgiving time when the bountiful baskets are taken to those who will enjoy and appreciate them.
Symposium Given.
The next number on the program was the symposium of addresses by members of the league and the first of these was given by Miss Anne Fowler, who gave what she called the registration of the work. The main facts shown by this registration showed 144 families receiving service and that forty-five new families have been added during the last seven months. She also gave statistics showing just what problems the league has to fight in its work and these problems cover almost every human weakness and excess and unfortunate circumstance in some degree. Miss Fowler explained the league workers' attitude toward the poor. She compared poverty to pain and explained that it is but a symptom and not the disease. Just as the doctor may administer an opiate to quiet the pain until the cause is found, so does the league give material aid until the circumstances which have brought about the poverty-stricken conditions have been remedied. Any other method would make paupers out of men, who, when handled properly, fight for all they are worth and finally succeed. It is often wondered how the league gets in touch with the families needing attention. Some of them come to the league and make personal application, others are recommended through interested individuals and still others are brought to the league's attention through other benevolent organizations. Much of the credit for the work that has been done, belongs to the relief committee. Those ladies have spent many hot and tiresome hours in the league rooms, sewing and mending garments, sorting and straightening them and in many other ways making it easier to carry on the work. The case committee has also done much of the necessary work.
Judge H. P. Samuel delivered the next address, on the subject "A Chance for the Child." He first told of the growth of the league and characterized it as a buffer, smoothing out the relations between people in widely varied circumstances. He told of what it meant to Morgan county to raise the full quota for the league, saying that it will enable the league to start out the new year in almost ideal condition. The juvenile court was then discussed and the speaker termed it a social service agency. It was explained that the last thought of the court is punishment for the young offenders brought before it. Given the same parents and three chances to be good and

only as a last resort are they sent to the reform school. Even then they are placed in better conditions than they left and many of them learn in the school the fundamental things necessary for a creditable life and through the work they do while in the institution, often come out with bank accounts of \$200.
J. E. Osborne made the next speech and briefly commented on the excellent work of the present league force and told of the \$435 saving to the county through the expert administration of the money.
Rev. M. L. Pontius then addressed the meeting as a representative of the committee which is making plans for the united budget campaign. It was stated that the various organizations will get more money through the united campaign than they otherwise would. This has been proven by the campaign held in other cities. But in order to make the united campaign successful it means that each organization must make preparations far more complete and thorough. The organization of each must be more sincere and devoted to its goal than in a separate campaign. The one great result of a successful campaign for all the budgets, is not only the financial accomplishments, but the fact that it paves the way for future co-operation that is at present undreamed of.
The concluding number of the program was the two pantomimes, given by the social service department of the I. W. C. There were four scenes, depicting conditions before and after the social service worker comes into the poverty-stricken home.
The cast for "Widowhood" was as follows:
The widow... Gladys Laughlin
The little girl... Eleanor Pearson
The other girl... Christine Cotner
Social Service visitor...
..... Margaret Fowler
Nurse... Dorothy Mae Smith
The doctor... Margaret Burmeister
The cast for the other pantomime, entitled "Handicapped," was composed of the following members:
The wife... Gladys Laughlin
The husband... Marian De Pew
The child... Christine Cotner
Social Service worker...
..... Margaret Fowler

Chamber of Commerce Directors

The regular weekly session of the directors of the Jacksonville Chamber of Commerce was held Thursday night with President R. Y. Rowe presiding. An invitation was presented from the Illinois Chamber of Commerce asking members of the local organization to attend an annual meeting at the LaSalle hotel in Chicago, Saturday, Oct. 22. The opening session will be at 9 a. m. At the noon hour luncheon Charles M. Schwab will be the principal speaker. There will be a business session at the afternoon session, when an election of officers will be held.

Secretary Welch presented reports on behalf of different committees chairman. The trades extension committee has arranged for Thursday and Friday, Oct. 19 and 20, as special booster days. In preparation for these days the committee has had thousands of advertising sheets printed, carrying 24 different advertisements for Jacksonville merchants who offer special articles for sale on those two days at rock bottom prices. These offerings do not conflict and the people of Jacksonville and surrounding territory have genuine bargain opportunities.

Today the committee will begin the distribution of these advertising bills in the surrounding territory, and the advertisements will appear also in the Journal and the Courier.

Committee Reports
The sewer committee report indicated that the work is progressing in a satisfactory manner and the committee will be in position to give a detailed report by October 25th.

The rest room committee requested and was granted an appropriation of \$15.00 to defray the expense of making estimates of cost and having blue prints made of the proposed project.

General Chairman H. M. Capps of the Budget Campaign Committee was present and requested the endorsement of the board to the campaign, the use of the rooms as headquarters and the services of the secretary of the Chamber of Commerce as secretary of the executive committee. These requests were granted.

Forum President Black presented the following members of the forum committee recently appointed by him for approval. These committee members were approved.

The new committee members are as follows: Steering committee, W. A. Fay, Entertainment committee, J. G. Ames, Joan L. Johnson, Edward Brennan, F. E. Farrell, J. S. Findley. Attendance, Frank Byrns, William Goebel, J. H. Dial, M. A. Hulet, H. J. Smith.

The secretary was instructed to invite the U. C. T., the Morgan County Hard Roads Association, T. P. A., the A. H. T. A. and other organizations to use the Chamber of Commerce rooms for their meetings free of charge.

Favorable action was taken on the proposal to stage a Halloween Festival in the business district on Halloween night. The secretary was also instructed to confer with the American Legion on the possibilities of holding an Armistice Day celebration in this city.

The housing situation was discussed at length as was also the work of the employment bureau, the room placement work and the tourist information bureau. It was brought out that good progress was being made in all of these departments.

Charles Fulton and wife of Chelalis, Wash., are in the city visiting relatives.

KIWANIS CLUB AID SOCIAL SERVICE WORK

Liberal Contributions of Clothing
and Food Made Thursday—
High School Football Players
Guests of Club.

The plan of having every member of the Kiwanis club bring articles of clothing or food to the luncheon yesterday at the Peacock Inn resulted in generous contributions to the work of the Social Service League. Members of the high school football team, together with Coach Mitchell, were guests of the club. Appreciation on behalf of the club was voiced by Coach Mitchell and Capt. Elliott Arnold.

A special button is provided for Kiwanis club presidents and the one President Farrell is to wear was presented yesterday by Carl E. Robinson. Mr. Farrell briefly expressed his appreciation. A solo by E. F. Beach added to the pleasure of the occasion.

The guests of the day included Messrs. Beach and Fraser of Aurora, Fred Buck of Springfield, Coach Mitchell and the following members of the high school team: Captain Arnold, R. Arnold, B. Cannon, John Hackett, Lloyd Bracewell, John Putman, Lee Henry Goebel, Palmer Hunt, A. Arter, Edward Lewis, Walter Kuppler, A. Kelly, Harold Hopper, Ralph Corbridge and W. Johnson.

FRANK KELLEY TO NEW POSITION

Frank Kelly for the past ten years with Joseph Heintz and Sons, florists, has resigned his position and left last night for Cleveland, Ohio, where he has a position with the Jones-Russell company, florists, of that city.

Mr. Kelly has a thorough knowledge of the business and the position to which he goes is a most desirable one. His many friends wish him success in his new work.

MANY PHYSICIANS AT CLINICS HELD THURSDAY

Forty Present at Different Times
During the Day Sessions at
Passavant and Jacksonville
State Hospitals.

The first of a series of clinics to be held by the new organization, the Jacksonville Clinical association, Thursday was a wholly successful event. At different times during the day forty physicians and surgeons were present. In the morning the clinic was in progress at Passavant hospital from 8 to 12 o'clock, when surgical, medical and X-ray cases were given attention. There were nine operative cases and eleven others. In fact, there was more available work for the physicians than could be cared for, in the allotted time.

Practically all of the patients were persons whose social and physical conditions were brought to notice by nurses associated with the work of the Social Service league, public schools or the Red Cross. At the noon hour the hospital management served luncheon in the chapel for the physicians.

The afternoon hours from 1 to 5 o'clock were spent at Jacksonville State hospital, where cases in neurology, surgery and medicine were considered. At 5 o'clock variation was given the day's events by a vaudeville program by patients of the hospital which Dr. Hill arranged.

At 6 o'clock dinner was served at the Peacock Inn. To complete the day of great activity the Morgan County Medical society held a meeting at 8 o'clock with an almost record attendance. The program was made up of a symposium on tuberculosis, the general subject being presented by Dr. Josephine Milligan, Dr. C. E. Cole and Dr. Garm Norbury.

Among the non-resident physicians who were present at the clinic were: S. D. McKelvey, Peoria; A. W. Foreman, W. T. Knox, White Hall; R. R. Jones, Woodson; J. W. Eckman, Winchester; W. A. Dalton, T. D. Doan, Scottville; J. G. Franklin, Chandler; J. M. Swope, Arenzville; J. B. Perkins, Franklin; Dr. O'Reilly, Winchester; Dr. Henderson, Franklin.

It is worthy of note that Dr. Doan of Scottville and Dr. Foreman of White Hall are both 80 years of age. They drove to Jacksonville early in the morning and remained until after the meeting of the Medical society last night, when they made their return trip to White Hall.

Dr. Black invited Dr. Doan to be his guest until today but the aged physician replied that it was such a fine moonlight night for a drive that he thought it better to return home. Evidently Dr. Foreman of like opinion.

DEATHS

Lawrence
Albert Lawrence, who is 95 years of age and said to be without relatives, passed away at Passavant hospital yesterday morning, where he had been having treatment since the early part of September. The aged man had only been in the city for a short time according to the hospital authorities, and had very few friends.

The remains were taken to Cody's undertaking parlors and prepared for burial.

SPIRIT OF SERVICE MUST BE CARRIED TO NATIONS OF EARTH

Harding Believes America
Will Bring Under
standing

WASHINGTON, Oct. 13.—Confidence that America will be able in the reconstruction period to imbue the other nations of the earth with a spirit of service and understanding was expressed by President Harding today in an address before several thousand postmasters and postal employees who have been in convention here. Without referring directly to the coming armament conference the president declared his conviction that the gospel of understanding would be responsible for whatever of lasting good may be accomplished in the years of rehabilitation and realignment ahead.

"When I was shaking hands with you yesterday at the White House somehow the thought came to me of the varied communities you represented," the President said. "I suppose I'm just a little partial to the great rural community, because I began life there. I'm just as proud of the great cities of America as any citizen of the republic, but they're just a little different. They show a little more of the passing passion, while out across the great areas of our republic are the sober, substantial citizens who are the guaranties of the perpetuity of this land."

"I take it we are not all of one party here and I want to that I'm not averse to postmasters being interested in politics. If anyone ever comes to me and says he is seeking a postmastership and has no party affiliations, he's going to be wiped off the slate right away. I'd rather have a hard-boiled Democrat than a yellow Republican."

The Value of Service.

"And when a man comes to me to seek a place and asks what the compensation is, he also is wiped off the list. No man is worth while, who is merely seeking a place, but the man is worth while, who is seeking an opportunity for service, particularly in this present period of change and reconstruction. I do not speak in a partisan sense or in a sense of criticism of anything that has gone before, but it's no small problem to put our republic on its feet again and it calls for the service of every man and woman that is interested in his country."

"I have sought to preach the gospel of understanding and service and I venture to say that the greatest things we shall record in the years of reconstruction, will be due to understanding and service, if we can have that spirit and do things for our own people, it is not impossible that this republic can point the world to a better understanding and to a better order for mankind."

John T. Clapp of Beach Grove, Ind., was elected president of the National League of Postmasters today and J. D. Sullivan of Allendale, Minn., was named first vice-president.

FINE CHICKEN SUPPER AT NORTHMINSTER

Splendid Menu Served at Supper
at Northminster Church Thursday
Evening By Ladies Aid
Society.

The chicken supper at Northminster church Thursday night attracted a great throng of people. The successful event was arranged by the Ladies Aid of the church, and the hundreds present greatly enjoyed the hospitality with which they were received. The splendid menu included fried chicken and all the other good things that can be served at such a well managed event. In addition it was a very pleasant occasion.

Mrs. A. F. Sardinha was the chairman of the general committee and she was ably assisted by other members of the society. Mrs. James A. Scott and Mrs. Emma Vieira were in charge of the kitchen, while the serving was directed by Mrs. E. M. Henderson and a large corps of assistants. Still others taking part in the arrangements were Mrs. Joshua Vasconcellos, Mrs. George Souza, Mrs. Josephine Goveia, Mrs. Homer Vieira, Mrs. Bessie Nunes, Mrs. Martha Day and Mrs. Guy Lynn.

BROUGHT SUIT TO RECOVER CAR

Insurance Company Brings Action
of Replevin Against Sheriff
Weatherford—Car Filled With
White Mule.

Thursday Justice Opperman heard the suit of the National Fire Insurance company against Sheriff W. H. Weatherford. The suit was one in replevin to recover an automobile.

It will be remembered that some weeks ago Sheriff Weatherford arrested a man of the name of James Rafferty at Alexander, who had an automobile loaded with white mule which he was dispensing in that town. The sheriff took charge of the automobile and the white mule and brought them to Jacksonville.

At the time it was suspected that Rafferty had stolen the automobile but he claimed to have purchased it from a street fair man in Wood River, Illinois.

After the ownership of the car was traced to Edward J. Comisky of Chicago. The National Fire Insurance company had insurance on the car and the suit was brought by the company.

The court after hearing the testimony found for the plaintiff. Judge H. P. Samuelli was attorney for the plaintiff while Worthington, Reeve and Grene appeared for Sheriff Weatherford.

KNIGHTS PLAN BIG INITIATION

Jacksonville Council No. 868 Knights of Columbus at the regular meeting Thursday evening took steps toward the initiation of a large class November 20.

Heretofore the class had been initiated in the spring. The time was changed to the fall months because of the fact that the lodge activities are then beginning and it is thought the new members will take more interest in the organization.

Already thirty applications have been received for the class and it is expected that the class will number one hundred or more. Grand Knight Harmon was instructed to appoint the necessary committees to take charge of the arrangements for the class and these will be announced later.

The council has received an invitation to attend the installation of a new council at Virden next Sunday. It is probable that a number from here will make the trip.

REBEKAH STATE PRESIDENT HERE

FARM BUREAU
NOTES

The Coming Farmers' Institute at Murrayville, Literberry and Lynnville, promise to be popular. Secretary E. R. Hemmrough plans for separate meetings for men and women at the afternoon session and to have both speakers on the night program. At Murrayville, the Ladies' Aid of the M. E. church will serve a chicken pie supper between the afternoon

and evening sessions. The Murrayville orchestra will also appear at the evening session. The same method of procedure will be followed at the other points. S. H. Crum of Literberry, says that everything is ready at Literberry. The county agent and Secretary E. H. Hemmrough visited all of the rural schools in the vicinity of Murrayville Wednesday afternoon and distributed hand bills to the pupils. The same method of advertising will be followed adjacent to the other places of meeting.

Window Exhibits—The Kopy Insurance agency has kindly donated their show windows to the farm bureau for a series of window displays. We have already shown one of seed wheat and soils and now have one showing corn root diseases. Next week we expect to show the Illinois seed law.

Huban Sweet Clover—R. E. Fox, of Chapin, was one of the twenty-eight farmers to whom we sent a sample of seed this spring. Tuesday, Mr. Fox brought to the farm bureau office a very fine sample of this new annual legume and it may be seen at the office.

An Interesting Water System—While culling poultry at the farm of J. G. Russwinkel, north-east of Concord Monday, we were shown an unusual system for supplying his farm with water. Mr. Russwinkel's home is on a hilltop where it has been difficult to get an ample supply of well water. He constructed a cistern thirty feet deep and drained all of the water from the farm buildings into it and has a siphon that leads from this cistern to a tank below the barn. He has no up-keep of gasoline engine or windmill. An automatic arrangement keeps the tank full of water at all times. The entire system is really a very ingenious piece of farm engineering.

Elevator Stores Limestone—The Murrayville farmers' elevator is the first elevator in Morgan county to handle limestone as a commodity. They recently ordered a car for their new shed and Manager Fuller says it has practically all been hauled away by parties who did not care to purchase in carload lots. This method of handling limestone is one for which the members of our farm bureau have been working for some time. We are glad to see this project begin to bear fruit.

FUTURE OF WORLD
DECIDEDLY DARK

Hungarian Historian Fears Alliance of Russia, Japan and Germany—Believes England's Power May Come to United States.

By Associated Press.
Budapest—The future of the world is decidedly dark for the Eastern Hemisphere, says Professor Henry Marzani, the famous historian and philosopher. He told the correspondent that the balance of financial economic and labor superiority had shifted to America for years to come. "A few years and Russia will be as powerful as it was before the war," he asserted. "The fate of Russia will decide the fate of Europe and perhaps that of the whole world as well. The Germans hated by the French and mistrusted by the other big powers, will find their natural ally in Russia. And if the difference between America and Japan becomes aggravated, a formidable alliance of Japan, Russia and Germany will soon make the world realize that lasting peace was farther off the horizon of humanity than in our days."

"The greatest power in the world today is still Great Britain. But in the history of the world old nations fall and new nations rise in power. England is now attempting to solve the problem which the Roman Empire could not solve—the holding together of half of the world under one flag. "If the solution is efficient and India is pacified, Ireland reconciled, England's hegemony is secure for the next century; if not, the hegemony passes to the younger branch of the Anglo-Saxons; the United States."

FOR COMMISSIONER
As the Democratic candidate for county commissioner, I will appreciate your vote at the polls. If elected I will seek to do my duty at all times.
Robert S. Hamilton.

DEDICATION OF NEW HIGH SCHOOL BUILDING
The dedication of the Jacksonville High School building, Newton Bateman Memorial, has been set for October 28th. These exercises will take place at 7:30 P. M. State Supt. Francis G. Blair will give the dedication address. Jacksonville has heard Mr. Blair a number of times and is well acquainted with his sound educational policies. After the exercises the building will be thrown open for an hour or more allowing those present to visit all parts of the building.

A second exercise will be held in the morning when an assembly of Junior and Senior High Schools will occur. At this time a program fitting for the occasion will be carried out. The morning program is distinctly a students' program. The dedication exercises of the evening are for the citizenry of the community.

WILL OF JOHN C. MUSCH IS FILED FOR PROBATE
The will of the late John C. Musch of Concord precinct has been filed for probate in the county clerk's office. The document was drawn May 13, 1912, and the witnesses to the signature were Henry Meyer and Henry Dahman.

After providing for the payment of just debts and funeral expenses, the testator bequeathed to his wife, Mary Musch, all real estate and personal property for the term of her natural life. At her death the property is to be divided in equal shares among the children, Dena Musch, Henry W. Musch, George W. Musch, Alfred Musch, and Irene Musch. Mrs. Musch was named to serve as executrix without bond. In the event of Mrs. Musch's death the testator stipulated that his sons, Henry W. and George W. Musch, were to serve as executors.

Mrs. Lehman Had Suffered Ten Years from Indigestion—In Splendid Health Now

"I suffered for ten years from nervous indigestion. I had no appetite and always felt miserable. I was in such a serious condition I thought my time for this world was getting short. My food did not seem to nourish me at all and I only weighed eighty-five pounds."

"After taking Tanlac, I now weigh one hundred and eight and am gaining every day. Oh, there is such a wonderful change now. Tanlac relieved my troubles so quickly it surprised me. My appetite is splendid. I have plenty of strength and feel better than I have in years. I wouldn't take one thousand dollars for what Tanlac did for me."

IT STARTED SOMETHING

"I have not said anything to you, but have been saying to others and have induced many to take your medicine and be convinced. Mayr's Wonderful Remedy is correctly named. It removed stuff from me I never thought could be in a human being and I feel like a different person. The pain in my right side disappeared at once, which four doctors said would require an operation; also the bloating and indigestion." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

K. OF P. CONVENTION
AT ROODHOUSE OCT. 28
Knights of Pythias of Tenth Illinois District to Convene in Roodhouse This Year — Fine Program in Prospect.
Roodhouse, Ill., Oct. 12.—Tentative plans are under way at this time for the arrangement of the district convention which will be held October 28 this year at Roodhouse under the auspices of the Knights of Pythias of the Tenth Illinois district.
Ten active lodges comprise the working forces of three counties, Scott, Greene and Morgan, respectively, is granted the convention rights, Jacksonville and Favorite lodges of that city no doubt will furnish a large delegation this year and Porter Lodge of White Hall is expected to be there in full strength. Winchester and Beardstown are in this district

and are active enough to furnish their respective quota.
Greenfield and Rockbridge while not in number equal to others named are active in Pythian progress and should make a good showing at the convention. Other organizations are making plans to attend.
The committee on convention proceedings have prepared a royal welcome for all visitors, starting with the regular routine of business and ending with a spectacular red fire street parade at night. It is the plan of the committee to arrange for at least two bands and the D. O. K. & drill team and drum corps.
Liderim's drill team won third honors against a field of some thirty contestants at Chattanooga this year and their work is well worth the attention of all the vicinity. They will execute their fancy stunts under a monstrous flood light that night.
The Pythian Sisters of Roodhouse Temple will serve dinner at six o'clock in the banquet hall of Worcester Lodge Castle Hall at a nominal fee.
It is desired that all Knights of Pythias in this district make a special effort to be present upon that date and assist in making this a red letter event in the annals of the order.
As an added feature there will be addresses by various members of the order and word has been given that something never before attempted shall be exhibited. Just what the nature of this strange event shall be has not been made public and is under strict and guarded proceedings by the members of the committee.
The business portion of the city will be well decorated in the gala attire and the tri-colors of this organization will be in evidence on all sides.

JOHN MINTER WRITES OF COLORADO
During my recent trip west I was unable to write much home as it was a business and sight-seeing trip, the weather was very hot and conducive to letter writing and I was ill a part of the time and unable to get about, but I lost no opportunity to visit farms and truck gardens.
The times when they were unable to raise crops, shrubs and trees out there, is past, as Colorado is now in the rain belt, while dry farming, except alfalfa, is a success. Trees set out must be irrigated and cultivated and in that case they do well. Four years ago they set out in the courthouse yard, black and honey locust, cottonwoods and others and they have done well with irrigation and cultivation, some being twenty feet high.
At Springfield, I attended a street fair where almost everything grown was exhibited as fine as anywhere, not excepting Illinois. We also had at the same place, an old settlers' meeting at which only eight were present, and I am proud to say only one antedated me and that was J. A. Crill from Adesia. He and four others remained while the others, like myself, were from all parts. The old stagers are well off and in good health. They have good farms with stock, though horses are scarce, being supplanted by trucks and automobiles. When one man tries to put in 1,600 acres of wheat, as is often the case here, I can hardly think the work is well done. In fact much of the wheat put in that way averaged from five to six bushels per acre, while ground properly prepared, yielded twenty-five to forty bushels per acre. In fact, there is little thorough farming out here. A hotel man in Springfield told me with his Ford he pumped water for the hotel, did the washing with it, then drives to the farm and drives the cattle which don't belong there out of the field, and then goes trading for his wheat. This is a crop which had half a bushel of seed to the acre.
There will be thousands of acres more of wheat sown in Baca county this year than last. Unless a railroad is built the wheat will be hauled with trucks, some of it seventy-five miles. It is a common sight to see sixty to eighty trucks loaded with wheat following each other to the station at Lamar. It was simply wonderful to see the amount of produce handled this way. No wonder land is selling at a low

price but a railroad would double or triple it in a year and it looks as if the road was coming. The efforts made by clubs, county commissioners and the public, will surely achieve something.
The climate is good, the water right, artesian in many wells, while the soil is rich and the seasons have changed with the generous rainfall so that southern Colorado is no longer in the dry belt, but very productive. For one thousand miles east and west the fruit is a failure, except a few sheltered spots on the divide. Fruits here are fine but scarce and high.
Financially, it seemed as if everybody got "nutty" when the world war prevailed and prices were high and money, plenty. All had to have autos, tractors, reapers and threshers, on long time payments. Oil stocks, Pan motor stocks and other things sold readily and now that grain is so low there are many sorely pressed to keep up their autos, and many can't get out without sacrifice.

GREENE COUNTY SCHOOL ROBBED
White Hall, Oct. 12.—The Gregory school house was entered by miscreants during the night, and a quantity of books was carried away. The teacher, Miss Hazel Evans, found the door standing open when she reached the place in the morning. Gregory is one of the standard rural schools of Greene county, and is located one mile south of White Hall. The school was entered twice last year in pretty much the same way. Gregory Farm laboratory is located near by, but probably not close enough for the school to receive the protection of the laboratory watchman.

ROODHOUSE TO PLAY WHITE HALL TEAM
Roodhouse, Oct. 12.—Roodhouse community high school meets their oldest rival, White Hall community high school next Saturday at Legion Park in this city in what promises to be one of the hardest fought football games of the year. Each team has an excellent record behind it and is out for first honors. White Hall has not lost a game this year and have played some of the best teams in the neighborhood. The local team is comprised of mostly of last year material, bolstered up with some presentable new men who have made a creditable showing while in the game.
By far the largest crowd of the season is expected to be on hand Saturday and in all events this will be the battle royal of the year.
Roodhouse has scored one hundred and thirty five points so far and have not been scored upon.

Miss May Antell of Winchester was one of the city's guests yesterday.

ILLINOIS U. SENT SOLDIERS TO CHICAGO

Governor Palmer Ordered Them There for Guard Duty After Great Fire.

URBANA, Ill.—(By The A. P.)—How the state university of Illinois sent 157 of its young men to do guard duty in Chicago 50 years ago, on the heels of the Chicago fire, is told in University records here, scanned again on the fire's semi-centennial.

At that early date University of Illinois was called the "Illinois Industrial University." On the second day of the fire this message was flashed over the wires:

"Proceed at once with the I. I. U. Battalion to Chicago to aid in keeping order in that city."

The order was sent by Gov. Palmer to Captain Edward Snyder, the university commandant. The cadets started that evening, and went to work in Chicago at the next morning.

The stricken citizens were alarmed over ghoul's prowling about for plunder and the sight of the University cadets was a welcome one for thousands of homeless men and women.

Company A was detailed on the west side to guard the general receiving depot for supplies for relief of sufferers and the churches in the vicinity. The other companies were retained on the south side to maintain order with special guards and patrols.

The cadets were relieved the afternoon of Oct. 12, and returned to the University that night.

Chicago's mayor R. B. Mason, writing to Captain Snyder on Oct. 28, said: "I desire officially and on behalf of the City of Chicago

to thank you and the students of Illinois Industrial University for the efficient aid rendered by your company in the preservation of the place of the city and the protection of property during the few days succeeding the great conflagration.

The officers and cadets were especially pleased with Special Order No. 72, issued at the direction of Lieut. General Sheridan at the headquarters. It said:

"In parting with these troops the Army expresses its high appreciation of the cheerfulness and promptness with which they came forward and the value of the services they have rendered."

BRONZE TABLET FOR DRUMMER BOY HERO

Died After Killing and Wounding 31 Germans—W. J. Bryan to Make Principal Address.

BROOKLINE, Mass.—(By A. P.)—A bronze tablet, depicting the death of Albert Edward Scott, a 15 year old newsboy who died beside his sho-sho gun in France after having killed and injured 31 Germans, will be dedicated here on October 28 with exercises at which William Jennings Bryan will make the principal address.

The memorial, which has been placed on the Town Hall, is the gift of newsboys of Greater Boston, of whom "Scotty" was one until he volunteered for service overseas. The tablet, reproduced from a painting by Gale Hoskins based on official photographs, cost the newsboys \$2,000.

President Harding and Vice-President Coolidge, expressing regret at their inability to be present for the public today. The president, in a letter to Edward Keavin, director of the Roosevelt Newsboys Association which had charge of raising the funds, expressed approval also of the plan to have Mr. Bryan make the principal address in his stead, adding that with the former secretary of state as speaker "a most appealing address" was assured.

Vice president Coolidge paid a tribute to boys who sell papers, saying:

"Newsboys go everywhere, see everything and know everybody. There is no experience in which they do not have a part, and no life which they do not live. They are Americans. To their spirit, to their enterprise, to their courage, to their devotion, it is altogether fitting that a memorial should be erected bearing the name of one of the number who has become immortal."

A boys' band of 300 pieces from New York will have a part in the program.

"Scotty" dropped his newspapers one day to enlist, less than a month after he was graduated from grammar school. A few weeks later he was in France as a member of the 101st Infantry Regiment. At Epieds, July 23, 1918, a year later, the boy volunteered for extra-hazardous service.

"See that path 'Scotty,' said his lieutenant.

"That's your target, not a Hun must cross it."

Yes, sir," said Scotty, saluted and took up his sho-sho gun. Single-handed he held the path while he killed or crippled 31 Germans, then died from his wounds.

ASK DONATED BOOKS FOR HIGH SCHOOL LIBRARY

At the time of the high school fire the very splendid collection of reference and other appropriate library books which were in the high school library were totally destroyed. This was one of the greatest losses in the way of working equipment.

The new high school library is equipped in an up-to-date manner and the librarian is in charge as provided by the North Central association for accrediting high school and colleges. This assures that each book will be properly listed and cared for.

The matter of building a library is necessarily a slow process, particularly when there is not a large fund available for immediate expenditure. As much is being done as possible and the library is now open for the use of the high school students. There is, however, a great demand for a larger variety of reference and appropriate library books.

Upon the approval of the board of education the superintendent of the schools is making a call to the citizens of Jacksonville giving those who have books of appropriate types an opportunity to contribute them to the library. Such books may be sent thru the pupils of the school, or if there are larger quantities they may be reported to the superintendent's office and the books will be collected. A list of donors will be kept.

The type of books most worth while are as follows: (1) General reference books. (2) Encyclo-

pedias. (3) History and civics. (4) Literature. (5) Language. (6) Chemistry. (7) Physics. (8) Agriculture. (9) General and elementary science. (10) Mathematics. (11) Art. (12) Music. (13) Physical training. (14) Commercial. (15) Manual Training. (16) Home economics. (17) Books on teaching.

Any books that are in good shape will be very acceptable. Books should be of high school and college level.

Millions of housewives use Calumet Baking Powder because of its dependability—because when they place their baking in the oven, they know it will “turn out” all right. They are confident of results because they know that no matter what they bake—pies, cakes, biscuits, muffins—the results will be the same—light, perfectly raised, wholesome foods.

CALUMET BAKING POWDER
never disappoints. Don't prepare bakings with expensive ingredients and then have them spoiled because of an inferior leavener.
Have the same assurance that the majority of other housewives have.
A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

WILL BEGIN WORK ON STADIUM IN MAY
Chicago, Oct. 12.—The proposed \$2,500,000 merodial stadium for the University of Illinois will be erected in Urbana within one mile of the school, W. L. Abbott, president of the board of trustees announced after a meeting of the board here today.
“Work on the stadium will begin in May,” Mr. Abbott said. “It will occupy seven acres and, with the athletic field, will cover 100 acres.
Within a mile radius of the campus the university has obtained options on a number of excellent locations for the stadium, it was said.
Erection of a \$100,000 agriculture building is also contemplated.

New Tricotine dresses, wonderful styles and values, \$19.75.
THE EMPORIUM
TURNS OVER NOTES AND SECURITIES
Chicago, Oct. 12.—Notes and securities valued at \$1,500,000 in payment of a loan were turned over to the Great Western Securities company, fiscal agent for the Co-which a receiver was appointed Operative Society of America, for last week, Gustave Kopp, president of the securities company testified today at a hearing before a master in chancery.
Mr. Kopp asserted, however, that he did not know that physical delivery of the notes had been made.

OBITUARY
John Wesley Austif, son of Joseph and Belle Cooley Austif was born in Hart's Prairie, March 30, 1897 and departed this life October 9, 1921 near Randolph, Ia., while visiting at the home of Mr. and Mrs. Clyde Hart. He was 24 years, 6 months and 9 days old at the time of his death. John's illness covered a period of five weeks yet he bore his sufferings with the greatest patience. All was done that loving care could do to save him but his Maker called him to his reward. John's young life was spent in this neighborhood among his friends and schoolmates who grieve at his passing into the dark shadows, bordering the silent river, whose mysteries death alone can solve.
He was a member of the I. O. O. F. lodge No. 947 of Nortonville.
One infant sister preceded him to the grave beyond. He leaves to mourn his loss his parents, one brother, Ralph Hy, one sister, Bertha Ellen. He also leaves his aged grandmother, besides a host of relatives and friends.
“One word to the dear bereft ones. Any time and anywhere. Just give your load to Jesus. How he loves to answer prayers.”
Funeral services were conducted from the Hart's Prairie Baptist church, Thursday morning at 11 o'clock in charge of Rev. Roy Marche. The bearers were Herschel Hicks, Edgar Chandoine, Verne Hart, Pernell, Enith and Lawrence McNeely. The floral offerings in charge of Misses Grace A. Roberts, Esther Seymour, Opal Hayes and Mrs. Lawrence McNeely. Interment in the Dalton cemetery.
Elder Elmore of Greenfield was one of the city's callers yesterday.

Miss Ida Schnall's athletic prowess has won her nine cups and ten medals. How? Oh, basketball, baseball, track and field sports, swimming, diving. She's probably the champion all-round woman athlete of America. Here she is “resting” at Atlantic City.

No other phonograph can do it!

No other phonograph even dares the test which the New Edison underwent last Wednesday, before a large audience at Northminster Church.
That fact is something for you to think about.
The test of comparison with living artists is the only phonograph test which means anything. It is the only way in which a phonograph can irrefutably prove its realism. It is the most drastic of all phonograph tests. To sustain it, requires absolutely perfect realism,—nothing less.
Last Wednesday, the New Edison stood by Amy Ellerman's side in Northminster Church. If you were

there, you heard the living voice and the Re-Created voice brought into direct comparison. You know that there was no difference between the two voices.
A similar test was made by Vera Barstow with Re-Creations of her violin solos. Again the same result—there was no difference.
By this wonderful performance, the New Edison has placed itself apart from all other phonographs and talking machines. It alone has sustained this drastic test. It alone has proved concretely and conclusively, that it gives you the living performances of great artists.

The New Edison
“The Phonograph with a Soul”

Any Official Laboratory Model you buy in our store will positively sustain the test made at Northminster Church. We will give you our guarantee to that effect.
Come in and hear this instrument in

some further tests of its realism. Learn that you have an Official Laboratory Model of your own, on a very small cash outlay. We will make a gentleman's agreement with any music lover.

BEARS HAD ADVANTAGE
IN WHEAT MARKET

(By The Associated Press)
CHICAGO, Oct. 13.—Bears had
the advantage in the wheat
market today owing chiefly to price
breaks which took place yester-
day in the northwest when the
Chicago exchange was closed. The
finish here today, altho steady,
was 2c to 2½c net lower with De-
cember \$1.12½ to \$1.12½ and May
\$1.17 to \$1.17½. Corn lost 1½c to
2½c, and oats 1 to 1½c. In pro-
visions the outcome varied from
unchanged figures to 7½c down.

Wheat depression due to holi-
day factors was given additional
emphasis by bearish views ex-
pressed regarding a talk which
Secretary of Agriculture Wallace
declared himself as being for
competitive United States mar-
kets and said legislation was no
cure for low prices.

A new low price record for
German marks acted as a further
handicap to bulls. Subsequently
reports of a good demand for
flour at Minneapolis helped more
or less to check the weakness of
wheat here, but was offset by a
good deal by word of congestion of ter-
minal facilities at Galveston, with
a railroad embargo in prospect
for that port unless European de-
mand for United States wheat im-
proved. No stimulus to prices
here resulted from estimates that
1,000,000 to 2,000,000 bushels of
Canadian wheat had been bought
for Europe during the last 48
hours.

Corn and oats declined with
wheat. Cool, clear weather was
commented on as favorable for
drying out the corn crop.

Lowest prices yet this season
were touched for current deliveries
of lard and ribs. Weakness of
grain and hogs and in foreign ex-
change appeared to be respon-
sible.

WHITE HALL RESIDENT HAS UNIQUE RECORD

Byron Terhune Lays Claim to Forty-four Years of Total Abstinence From Drinking Anything But Water—Other White Hall News.

White Hall, Oct. 13.—On October 28, Byron Terhune completes forty-four years of total abstinence from drinking anything but water. He has for twenty years been offering a \$20 gold piece to any person who can duplicate his record. Three years ago a lady in the north part of the state claimed the reward, but on investigation it was learned that she had attended tea parties and imbibed the strong drink of tea, and also that she had frequented soda fountain resorts. These things precluded her from claiming "Arch's" twenty, that being Terhune's nickname. Terhune says he is not trying to sprout wings or anything of that sort, but he believes he holds a world's record in his drinking habits. He has been making his offer annually for so long that most everybody has come to believe the truth of Terhune's claim.

Advices coming to Gregory farm laboratory indicate that the outbreak of hog cholera is as serious as in 1915, according to a statement by Dean Corsa, proprietor of the institution. The epidemic is so widespread that it is hardly possible to meet the demands of regular patrons for hog cholera serum and virus. Inquiries as to the available supply are coming in from unexpected quarters, showing that the cholera has extended its ravages. Wholesale houses have been ordering serum in immense quantities but they can not be accommodated with the local plant determined on a course of action to take care of its regular patrons first.

Joseph Driver, age eighty-eight years last August 18, died at 10 o'clock Wednesday and advices from his son at Kelso, Wash., are awaited before completing funeral arrangements. He returned early in August from Missouri, where he spent a little more than three years, previous to which time he resided about Carrollton and White Hall the greater part of his life. For several years before going to Missouri he made his home with his son, John Driver, at Gregory farm, and was residing on the Eyer place, a little over four miles southeast of White Hall, at the time of his death. He is survived by twelve children, widely scattered. He was a member of no organization. The deceased was the grandfather of Tony Driver, who has been in a helpless condition in a hospital in Detroit, Mich., since last June as the result of a stroke of paralysis that affected his entire right side, it being the opinion of the doctors that the stroke was the result of shell shock during the war.

MRS. REINING'S FUNERAL HELD

Services Conducted at Mercedosa M. E. Church Wednesday—Other Mercedosa News.

Mercedosa, Oct. 13.—Funeral services for Mrs. Isabelle Elliott Reining were held Wednesday afternoon at the M. E. church at 2 o'clock conducted by Rev. G. W. Holmes. A quartette composed of Mrs. Charles Harbart, Mrs. T. W. Burdick, A. G. Pond and J. A. Hildebrand sang, "Safe In the Arms of Jesus," "Tell Mother I'll Be There," "Beautiful Isle of Somewhere," and "Jesus Savior Pilot Me." Miss Nellie Waldo at the piano. The beautiful flowers were cared for by four nieces of the deceased, Bernice Orr, Amy Dyche, Mrs. Bessie Treadway, Edythe Elliott. The casket bearers were W. J. Hale, Ed Hudson, Thomas Duhope, J. L. McLain, James Brockhouse, Herman Aldeman. The remains were laid to rest in Oakland cemetery.

Isabelle Elliott was the oldest child of Mr. and Mrs. James Elliott and was born near Beardstown, Ill., Sept. 29, 1867. On March 13, 1887, she was united in marriage to Douglas Reining. To this union were born five children; one dying in infancy. Mrs. Reining had not been strong physically for many years. She had gone to the hospital on three different occasions in an effort to regain her health. Her last sickness had continued for about a year during which time she suffered extremely. Death came early Tuesday morning, Oct. 11, 1921.

Mrs. Reining united with the Union Baptist church at Sandy Prairie shortly after her marriage and continued a faithful member until death claimed her. She was a true friend, a devoted wife, and loving mother. All during her sickness she was patient sufferer. Much of her life had been spent caring for the sick. She was a great lover of the beautiful, especially flowers. Those who survive are the husband and four sons, Henry Steven of Beardstown; John Albert of LaGrange Locks; Rufus William and Charles Aaron both at home. Besides these there are four brothers and four sisters, Walter and Thomas Elliott, of Nebraska, Lewis Elliott, of Cilvas, Ill., Henry Elliott of Beardstown. Mrs. Mary Homill and Mrs. Emma Seeger, of Nebraska; Mrs. Sarah Orr of Arenzville and Mrs. George Fair of Beardstown. Also five grandchildren and a host of friends and relatives who are left to mourn her loss.

Mrs. George Hyde and Mrs. L. F. Berger went to Springfield Wednesday morning to attend the state W. C. T. U. convention. Clifton Wilday was a Jacksonville visitor Wednesday.

Mrs. Florence McDaniel and baby who have been here the past month visiting her parents, Mr. and Mrs. Thomas McGinnis returned to her home at Port Arthur, Texas, Wednesday. Her mother accompanied her as far as Excelsior Springs, Mo., where she will visit a short time.

Albert Butcher, wife and Mrs. L. H. Yost and son, Arsdale were business callers at the county seat Wednesday.

L. F. Berger and Mrs. Sarah Moores and Mr. and Mrs. George Turham motored to Versailles Wednesday the latter remaining for a longer visit with their daughter, Mrs. Homer Wilson.

Mrs. Ellen James of this place and sister, Mrs. Kate Stoker of Arenzville left Thursday for a visit with relatives in Bonnar Springs, Kansas.

Ed Cody and Thomas McGinnis drove to Jacksonville Wednesday.

Mrs. E. J. Maynard and children are guests at the home of Charles Nunn and wife.

WILL PLACE BRONZE MARKER

The Daughters of 1812 of Kentucky, Missouri and Illinois will place an official bronze grave marker of that society on the grave of John McConnell, buried in the Litter graveyard, one and one-half miles from Jacksonville, with appropriate ceremonies, Sunday, October 16, at 3 o'clock. All patriotic organizations, particularly the D. A. R., the American Legion and the Masons are cordially invited. This old soldier belonged to the Masonic order and was buried with Masonic rites in 1834.

This grave is in a little cemetery located on the Beardstown road northwest of the city.

STREAM OF LIFE

Endorsed as best religious motion picture ever made, by clergy, laymen, trade and press.

James L. Hoff, Moving Picture World, says: "As a production, I believe 'The Stream of Life' to be a new note in pictures equally as great as Griffith's Birth of a Nation."

Rev. Harry L. Everett, D. D., First Congregational church, Jersey City, N. J.: "For the second time within a year 'The Stream of Life' has been shown in the People's Palace. This time it was given to a congregation of five of the largest churches in Jersey City, and I may say that the vast audience left the auditorium spell-bound."

New York Globe: "The Stream of Life" preaches a telling sermon."

The New York Telegraph: "The keynote of 'The Stream of Life' is its human appeal, its sympathetic interest. No matter what one's faith or belief may be, he cannot fail to be impressed by the picture and few will be able to watch it with dry eyes."

First six reels, Westminster church Sunday night, 7:30 o'clock. Public invited.
